## Fundamental Disaster Management Course

Fundamental Disaster Management

## jointly organized by North District Hospital & Society for Prehospital Advanced Resuscitation and Kiss of Life

Developed by the Society of Critical Care Medicine, this one-day course module will equip professionals with the expertise to manage natural or manmade large-scale disasters. Using the text from *Fundamental Disaster Management* as a course guide, attendees will work through an interactive, instructor-led educational program.

Date: Thursday, 6<sup>th</sup> May 2010

Time: 9 am - 6 pm

Venue: North District Hospital, Sheung Shui

**Target participants:** All health care providers interested to be prepared to assist victims of man-made and/or natural disasters, including doctors of all specialties, nursing professionals, paramedics and first responders.

Certification: Successful completion of the course requires a grade of 70% on the written post-test, satisfactory performance at the skill stations, attendance through the course, and submission of the course evaluation documents. A certificate of successful completion, referred to as "FDM Trained", will be issued by the Society of Critical Care Medicine.

Course fee: HK\$1,500 in credit of "SPARK of Life"

(Early bird HK\$1,400 on or before 15<sup>th</sup> March 2010)

Registration & Enquiry: Ms Rebecca Chan, 2683 7246
